Local Intelligence.

SATURDAY.

Who is Meyers?
How about that cheap horse?
To-day has been a pleasant one.
Hathaway sent the Chino Valley mail out to-day.
W. H. Cureton, of Mineral Park, is in our City.

Eva Ellis, we are pleased to learn from Mrs. E. L., is out of danger.
The first coach of the new Transportation Company is due here to-morrow.
A great deal of freight was shipped yesterday from Maricopa to Prescott.

The children of Prescott should not forget to attend Sabbath School to-morrow.
C. B. Foster departed to-day for Hualapai, where he will survey several fine ranches.

Auctioneer Fisher disposed of household goods to-day belonging to parties at Whipple.
Norman McLeod, who had his feet amputated last week, is getting along very well.

Mr. and Mrs. George W. Hance, son and daughter, are in Prescott for health and to visit friends.

We hear that the report of Mr. Simms, R. R. contractor, having the small-pox, is without foundation.

Craigie and Cox went out to their Dozor mine this morning. They have a good property in the Dozor.

Friend Brill has made a trial at the fish culture below Wickenburg, and is much pleased with the prospect.

Oscar Wilde will certainly visit Arizona and take lessons in dress from the Yumas. They are esthetic, you know.

It is reported here that Doctor Day is in trouble, and that the citizens of Hackberry have discharged him. That he has left their camp.

Miss Dessie Grande, of Chino Valley, came to Prescott yesterday, and was in attendance at the "T. J. R." Club party last evening.

BAPTIST CHURCH SERVICES.—Preaching to-morrow, at 10:30 A. M. Subject: "Seven Things that are Opened;" also at 7:30 P. M. Subject: "Bible Honey." Sunday School at 11:45 A. M.

Some of our merchants are in the habit of leaving their store doors unlocked at night, so much confidence have they in the police regulations under Marshal Dodson, we suppose.

There is an effort being made to have Gen. McDowell retired and a new man put in his place. If a change is effected, the promotion will probably fall upon the shoulders of Gen. John Pope.

Already the stage line from Winslow to Prescott is commencing to attract the attention of travelers, and many are now taking the Atlantic and Pacific road, instead of going by way of Maricopa.

The people of Winslow have asked for protection against the lawless element that exists there. Marshal Dake has been interviewed, and will probably appoint deputies sufficient to keep peace and order.

Letters from R. R. Contractor Shennfield state that Superintendent Smith, of Albuquerque, has instructions to push the Atlantic and Pacific westward with all possible speed. This will be good for contractors, laborers and the country.

Griffin and two burros (not two other burros) arrived in Prescott to-day. He was very busy, consequently we could not get much news from him, except that Lynx Creek is King. We threatened to impart this news to Jennings, of the Hassayampa, when "Griff" departed for his cabin on the Creek.

Marshal Dodson arrested a man this morning who was wandering around the lower end of town in search of food, and locked him up as a tramp. He examined the man hard up, so dreadfully hungry, and found upon his person \$150. A great many tramps are in just the same fix. Merely want to beat their way.

The man Price who attempted to break into the house of Mrs. Jackson, on Granite Street, a few nights since, and was tagged by Marshal Dodson, proved to be a deserter from Capt. Wallace's company of cavalry. He was to-day turned over to the military by Whipple. His crime will be looked into by a court martial.

MONDAY.

How about the next opera?
W. S. Hobart is to visit Southern Arizona.

The Baptist church was well attended last evening.

Big horses in Prescott are becoming quite numerous.

There was a heavy mail by Black Canyon to-day.

Woodman, the Vulcan artist, has gone into the horse trade.

Gideon J. Tucker was to have left New York for Prescott on the 15th inst.

Prescott has the handsomest coach dog in the Territory, the property of Charlie Gray.

Whose says that Prescott has not a fighting man? Just look at the challenge.

Joe Crane sold his premises beyond Wilson and Haskell's sash factory, to Alex Harris.

Steadman's teams, with corn for Bashford & Co., arrived in town to-day from Peeples' Valley.

Mr. Lucas, on account of poor health, thinks of selling his property in South Prescott and emigrating.

The man who had his arm amputated at the hospital, last week, is getting on nicely under Doctor Ainsworth's care.

Shennfield, the R. R. contractor, wants 300 men to work on his grading section near Bear's spring, Mohave county.

The placer miners of Lynx Creek are happy, they having an abundant supply of water to work their claims with.

Herzog has received an assortment of fruit which is just the thing for health at this particular season of the year.

Marble season has commenced in Prescott, and the small boy can be seen and heard in every street and back alley.

Solomon Jackson and son, of Kirkland Valley, are in town making purchases, etc., preparatory to the season's farming operations.

Mr. John Litz addresses the public, through the columns of the Miner, on the subject of "dress and cleanliness." See "ad," and give him a call.

Mr. Murphy, of the well-known firm of Murphy & Scholey, returned Saturday evening from a business trip to Lail's camp, on the line of railroad.

Read the new "ad" of Mr. Williams, the painter. He is efficient in his business, his prices conform to the times and he is certainly a good man to patronize.

We want to see our new Secretary make a grand clean up around the Secretary's office. Let him count the library books, the stationery, and the funds, if there are any left.

Mr. and Mrs. Clark Churchill leave this week for a visit to their farm near the town of Phoenix, in Maricopa county. They have a fine property near the banks of the Rio Salinas.

The first of the new stages on the route between Prescott and Winslow is due here this evening. The whole outfit, mules, coaches, etc., left Winslow on the 15th. The party in charge of the concern is establishing stations at reasonable distances, so that good time can be made on the line so soon as everything is in full working shape.

The Sommar House on Montezuma street, north of Kelly & Stephens', has thirteen nicely furnished rooms. Here's a chance to find clean, comfortable quarters at reasonable figures.

Mr. Thomas, the mining expert, who recently came here to look at our mines, has gone with John J. Gosper to examine some of his oxide mines. Now, we are of opinion that he'll strike it rich.

At Lail's camp, or at least on his works, there are over 400 men employed, and they support eight saloons in first-class style. No churh, no Sunday school nor hospital to bother their heads about.

Charley Taylor, the veteran of Minnehaha, is in town. He is farming on rather an extensive scale this year, and thinks he may possibly raise potatoes enough this season to purchase a certain mine and its fixtures.

Chas. Keyes, well-known in this section of Arizona as a square dealer, has purchased the Parlor saloon, fixtures, etc., and will soon open the same to the public. The Parlor is one of the best properties of the saloon kind in Prescott.

One of the Earp brothers of Tombstone was recently shot, and ever since has been in a critical condition. Whether he will recover or not is a question. Now comes the news that Morgan Earp, another one of the family, was yesterday shot and killed by the Clanton element, with whom the Earps and Doc Holliday several months since had so much trouble.

H. D. Schermerhorn, of St. Lawrence county, New York, has sent us an illustrated catalogue of the great fishing tackle company, W. D. Chapman & Company, of Theresa, N. Y., and Brockville, Ont. This firm is the most extensive in the United States. They wholesale and import rods, reels, hooks, lines, flies of all kinds, floats, tips, angling implements, etc. Our merchants who deal in the above articles can have a glance at our catalogue free, when we believe they will patronize Chapman & Co.

We hear that the Democrats have a number of first-class men in their ranks who are willing to take the office of Sheriff. For instance, Henry Herbert, James M. Dodson, William Mulvonen, Price Behan, etc. They are all good men, and either of them will make a good fight for the office. On the Republican side we haven't heard the matter canvassed very much, but for our part we believe Frank M. Murphy, J. F. Meador or Charley Spencer would fill the bill to the letter, however we do not know that they want the office.

TUESDAY.

J. L. Fisher received new goods to-day.

L. Balford is putting up a building for R. R. and stage offices.

Gilmer, Salisbury and company have secured 18 mail contracts in Montana.

Mr. McDonald, brother to Mr. of Grant & McDonald, has been with us for several days.

Keyes and Reavis two first class saloon men open up the Parlor to-morrow. Call and see them.

A brother to J. T. Simms has been spending several days in Prescott. He's a pleasant gentleman.

E. S. Junior has fixed himself up for a trip to the mountains or elsewhere. The horse and rig is a good one.

Mrs. J. T. Shall received to-day from her husband a most beautiful Organ as a birthday present. It cost \$300.

J. T. Simms writes us that he hasn't had the small-pox, and more than all doesn't want it—that not a single case exists west of Winslow, and even there it has disappeared.

Stations from Prescott to Canyon Diablo, where the new mail line change animals. Leaving Prescott they change at Chino, Bangharts', Hill Canyon, Frey's, Tunnel, Simms, Williams, C. T. Rogers', Parker's saw-mill; Flagstaff, P. B. Brannen; Turkey Tanks, Canyon Diablo.

The mail for the Atlantic and Pacific R. R. will depart from Prescott at 9 A. M. on Mondays, Wednesdays and Fridays. Commencing in it will arrive Tuesdays, Thursdays and Saturdays. Time from Prescott to Canyon Diablo, 48 hours; Winslow, 50 hours; Albuquerque, 60 hours.

Major Ingalls, the efficient Agent of the A. & P. Railroad people, is busy all the time looking after business. He will secure a great many passengers and in due time all the freight. No better man could have been selected for agent of the company in Arizona, because he is honest, intelligent, and has the confidence of our business men.

John R. Fowler this day completes his apprenticeship of seven long years in the office of the Medical Director of this Department. To say that he has been faithful and efficient in the management of his duties as chief clerk would inadequately express it. He is a scholar, a gentleman in every sense of the word, and has hosts of friends here who wish that he may be promoted to Surgeon-General in the U. S. Army.

John Moon is in town again for medical treatment of the ears. John had taken from one of his ears, a few days since, a young tarantula, which caused some abatement of pain. Now, however, the pain has returned, and Moon is suffering much. His theory is that the tarantula seed got into his ear from hay, while tanning in the southern part of the Territory. Doctor Ainsworth will make an examination to-day.
